

1. Product and company identification

Product name /names: tgflow
 Flowable Light Cure Composite
Manufacturer : **Technical & General Ltd**
 2 Albion Place
 London W6 0QT
 United Kingdom
 Tel: 020 8834 7575 Fax: 020 8834 7570
 www.dentistmarket.com www.tgdent.com

2. Composition / Information on ingredients

Dimethacrylates
common chemical name / Generic name:
 Flowable Light Cure Composite (Acrylic resin, Glass powder & silica)

3. Hazards identification

None if handled according to directions.
 Irritating to eyes, respiratory system and skin.

4. First aid measurers

Eye contact: Rinse with plenty of water, consult a physician.
Skin contact: Wash immediately with soap and water.
Ingestion: Immediately seek medical advice.
Inhalation : In case of prolonged exposure take patient to open air.

5. Fire - fighting measurers

Not Flammable
Suitable extinguishing media: Powder, foam, carbon dioxide, sand, water spray.
Extinguishing media to avoid: Do not use direct water jet stream, wear self-contained breathing apparatus and protective clothing to prevent contact with skin and eyes.

6. Accidental Release Measures

Personal precautions: Use only in well-ventilated areas.
Environmental precautions: Do not empty into drains.
Cleaning up methods: Take up mechanically with inner fluid-binding material.

7. Handling and Storage

Handling: Keep container tightly closed.
 Wear suitable gloves. Avoid contact with skin and eyes.
Storage: Keep in dark, cool place. Keep container tightly closed.
Recommended packaging: Container of solvent-stable plastics.

8. Exposure Controls and Personal Protection

Respiratory protection:	Do not breath vapour.
Hand and skin protection:	Rubber gloves.
Eye protection:	Goggles.
Hygiene measures:	When using do not eat or drink.

9. Physical and Chemical Properties

Appearance :	Slightly yellowish paste
Odour:	esterlike, weak
PH-Value:	not applicable
Decomposition temperature:	> ca. 200 °C (water)
Flashpoint:	> 155 °C
Explosion properties:	not established
Vapour pressure	< 1 mbar / 20 °C
Relative vapour density:	> 1
Solubility in water:	ca. 1g / l / 20 °C
Density:	ca. 1.85 g/cm ³

10. Stability & Reactivity

Stability :	Stable. Avoid heat, sparks & flames.
Materials to avoid :	Free radicals, reducing agents, heavy metal ions.
Hazardous reactions:	None, if handled and stored according to directions. Cures on exposure to visible or UV-light.

11. Toxicological Information

Acute oral toxicity:	LD50 (Rate) > 5000 mg/Kg
Skin:	Irritating on prolonged exposure.
Eyes:	Irritating on prolonged exposure.
Specific effect:	Allergic reaction to methacrylates are possible.

12. Ecological Information

Do not discharge into drains or the environment.

Persistence and degradability:	No data available for the preparation.
---------------------------------------	--

13 Disposal Considerations

Disposal Methods :	Use proper landfill disposal or incineration in accordance with local, state and federal regulation.
---------------------------	--

14. Transport Information

Road / Rail :	No special precautions
Sea :	No special precautions
Air :	No special precautions

15. Regulatory Information

Labelling according intl. Regulations: Xi Irritant. Contains methacrylic ester.

Symbols of danger: St Andrew's cross.

R-Phrases: 36/37/38

May cause sensitization by skin contact.

Irritating to eyes, respiratory system and skin.

S-Phrases: 26 - 28

In case of contact with eyes rinse immediately with plenty of water and seek medical advice.

After contact with skin wash immediately with plenty of water and soap.
